TOPDENT® POLIERBÜRSTEN UND SCHWABELN

Polishing brushes and buffing wheels

FÜR DAS
DENTALLABOR
FOR THE
DENTAL LABORATORY

Der Einsatzbereich erstreckt sich von der
Kunststofftechnik bis hin zur Modellgußtechnik
und ist für nasse und/oder trockene Anwendung
gleichermaßen gut geeignet.

Polishing brushes and buffing wheels for the polishing
lathe are applicable from the resin technique up to
metal-castings and are as well usable for wet and/or
dry polishing.
